

Terms of service

Last updated: 13 October 2026

1. About these terms

These terms apply to the use of Pseudonymizer (pseudonymizer.eu), a service of Litic AI, Uitbreidingstraat 84, 2600 Antwerp, Belgium. By creating an account or using the service, you agree to these terms.

2. The service

Pseudonymizer helps you replace personal data in documents with pseudonyms, so you can share documents or use them with AI tools more safely.

The service is a tool. Pseudonymization greatly reduces the risk of re-identification but does not guarantee full anonymity. You remain responsible for checking the result. The service is not legal advice.

3. Account

Sign-in is passwordless via a magic link, a passkey or an external provider. You are responsible for access to your email and sign-in methods.

4. Subscriptions, credits and payment

- Trial: a new account receives a one-time grant of 50 free credits, valid for 30 days. No payment details are needed.
- Subscriptions: after the trial you use the service with a subscription: Starter (€ 8,99 per month, 50 credits per month), Plus (€ 24,99 per month, 200 credits per month) or Pro (€ 49,99 per month, 500 credits per month). With annual billing you pay for ten months (€ 89,90, € 249,90 or € 499,90 per year); credits are then still added monthly. Only Pro gives access to the API, the MCP server and "Send to LawBot Pro".
- Renewal: a subscription renews automatically for the same period (a month or a year) until you cancel it.
- Cancellation: you can cancel at any time via "Manage subscription". The subscription then continues until the end of the current period and is not renewed. A period already paid for is not refunded.
- Changing plans: an upgrade takes effect immediately; the difference for the current period is charged right away on a pro rata basis, and the extra credits are added from the next monthly top-up of your plan. A downgrade takes effect at the end of the current period.
- Top-ups: with an active subscription you can buy extra credits. Top-up credits are only used once your trial and subscription credits are used up.

- **Validity:** subscription credits are valid for 60 days from when they are added, so unused credits remain usable for about one more month. Top-up credits are valid for 90 days from purchase. The credits that expire first are used first. Expired credits lapse without compensation.
- **Usage:** credits are used for generating a legend, pseudonymizing (depending on the size of the document), OCR of scanned documents and dispatches to LawBot Pro. Current rates are on the pricing page. Converting back is free. Credits have no monetary value and are not transferable.
- After a subscription ends, unexpired credits remain usable until they expire. Features that require an active Pro subscription, such as the API, the MCP server and "Send to LawBot Pro", stop when the subscription ends or a payment fails.
- **Payment:** payments are handled via Stripe. Credits already used are not refunded.

5. Acceptable use

You use the service only for documents you are entitled to process, and not for unlawful purposes. You will not misuse, overload or reverse-engineer the service.

6. Intellectual property

The documents you upload and the results remain yours. The service itself, including software and brand, remains the property of Litic AI.

7. Liability

The service is provided 'as is'. To the extent permitted by law, our liability is limited to the amount you paid for the service in the preceding twelve months. We are not liable for damage caused by insufficient checking of the result.

8. Termination

You can close your account at any time. We may suspend or terminate access in case of abuse or breach of these terms.

9. Governing law

These terms are governed by Belgian law. Disputes will be submitted to the competent court in Antwerp, unless mandatory law provides otherwise.

10. Contact
